

Dear Parent/Carer,

Welcome to the final term of Primary 4 and the final term in this school building!

It was lovely to see so many of you at parent consultations and share the progress that your child has been making over the course of this session.

I look forward to seeing you at the end of term celebrations.

Mrs. Berry

Maths

P4 have been working very hard on their times tables and we will continue this into the final term as we begin our work on division. Please remember to keep practising at home!

We will start learning about angles and various forms of measurement.

P4 will also be reviewing and then building on their understanding of fractions. We will also begin to look at the relationship between fractions, decimals and percentages.

Learning Across the Curriculum

In RME this term, Mrs Denham will be developing the children's understanding of Hinduism. Within Health and Wellbeing the children will be looking further into the rights and responsibilities of children using the United Nations Charter of Children's Rights. Within our social subjects learning, we will be discovering the history of Mary Queen of Scots - something we are already finding quite interesting!

Literacy

This term we are working on understanding the difference between facts and opinions. From there we want to be able to spot these in different types of texts, as well as write our own.

We will be doing another novel study which I know the children will look forward to after enjoying Fish in Room 11 so much.

In writing we will be working on poetry, imaginative writing and several types of functional writing. Peer feedback is an important part of the editing process and we will work to develop our skills in this.

Our listening and talking skills will be developed this term by researching and putting together a personal talk, which Mrs Denham will be leading.
Never a dull moment in P4☺

SWIMMING

We have had a fantastic start to swimming this term and all of the children seem to be enjoying their trip to the pool. Behaviour has been excellent and we very much appreciate the amount of helpers that have volunteered to help us on these days.

ROUTINES

Remember that PE is on a Monday and Wednesday. Hopefully as the weather improves (!) we will get to have more sessions outside. Appropriate kit is required on these days. Please remember homework is due on a Friday and children need to have their reading book in school.
