Nursery News

What has been happening at nursery?

Huge congratulations to the Nursery Team on their recent excellent Care Inspectorate Report. I am very proud of the report we have received. It is available to read on our notice board and on the website.

Mrs Wilson Head Teacher

Quality of Care and Support - 5 Very Good
Quality of Environment - 5 Very Good

The inspector recognised the importance of the relationships between the staff and the children and how we support their learning and development.

"Positive relationships had developed between the staff and the children. Staff demonstrated that they knew the children very well which enabled them to support the children's individual needs and interest. Children's views were valued by staff and were used to enhance their learning through providing child centred experiences which offered them challenge."

The Care Inspectorate also acknowledged the quality opportunities that are available either indoors and outdoors and the importance of risky play.

"The nursery environment, including the outside area, provided children with a range of opportunities which enabled them to investigate, use their imagination and be curious and creative. The playroom had interesting areas which enabled children to explore and take part in the different activities on offer. Staff were skilled in extending children's learning. They supported them to have ownership of their environment which had a positive impact on the outcomes and experiences."

"The balance between challenge and safety enabled children to make decisions and to learn the skills needed to keep themselves safe. This helped to nurture children's natural curiosity and encouraged them to learn through their play."

Diary Dates

w/c 13th May - Stay and Play week

28th May - Coffee drop in meet p1 teachers

AM - 10.45-11.30am

PM - 2.30 - 3.15pm
